

NPO Takidashi Shihankai Charity Event 2023

Reduce food loss! Bring ingredients from home and have it transformed in the kitchen! It will be reborn as a delicious dish!

Thanks to all of you who have supported us in our 27th year of activities, and because of you we have been able to continue our work in 2023. Shihankai will continue delivering curry and rice to hungry people even though it is only a small effort. We are also planning to prepare for natural disasters that may occur at any time, so that we can operate a soup kitchen after that disaster. On the other hand, in order to reduce food waste as much as possible, participants are asked to bring an item of food to the event, which will be transformed into a delicious dish by Kotomi Matsumoto of The Food Scoopers in her live kitchen. We look forward to seeing you at the event, which will also serve as a social gathering and Christmas party to celebrate our year of activities!
